8:15 different lines

an installation on site and in the move
by **Lukasz Stanek**

Sound: **Henrik Olsson**

The finnisage's performance: **Lukasz Stanek and Malin Egström**

An installation on site / performance on the wall: it is a 20-days performance on the wall.
Next move: Väggen's wall, tomorrow at 8:15 am. The installation will be constantly changing.

Every day, at 8:15 am, from 13.3 – 1.04, a new move will be taken and shown on the wall.
The move will follow an impulse that will occur at that time, in that space, or, in the surrounding.
The impulse for the move may be everything: a meeting, sound, reflection, intrusive thought, you, the distance between two chairs, nothing.
The wall will turn into a notation of everyday life, followed by a sound. Next move = next sound.
After 20 days the wall will be the complete score.

Where:

Väggen, Gerlesborgsskolan
gerlesborg 1, 457 48 hamburgsund
www.gerlesborgsskolan.se

On the last day (1.04, 19.30) - the lines will appear on the Väggen's floor, during the finnisage's performance. 2 performers, 1 space + sound + you.

Welcome!
